My profile

I've got a lot of experience in dev, as I've been working on projects since I was very young, enabling me to gain more experience. What's more, I've mastered the various programming software packages, and I have a few basics in different programming languages.

Professional experience

Second year internship with signage company Studio 30 Nîmes (45 days)

First and final year work placement ESM 45 (1.5 months) and (2 months)

School

2023 - 2025   School: lycée CCI Bts sio slam (computer programming and cybersecurity)

2021 - 2023   School: Lycée Frédéric Mistral Mes section (arts and crafts, sign-making and signage option)

Qualifications

- **Baccalaureate with honours**
- **Assr 1**
- **Assr 2**
